

## Marking on the Answer Sheet

1. Each question is followed by four answers which are marked as A, B, C and D in ovals as shown below.

2. On selecting the best alternative use the black pen to blacken the oval bearing the correct answer number, against the serial number of the question on the answer sheet as shown below.

For example if option C is right mark the answer as shown below.

### Some tips while marking answer

1. Use scale to keep track of the question number and answers, so that you do not mark a question. correct answer for a wrong
2. Initially mark the answer with pencil, do not fill the entire oval. So that incase you want to change the answer you can rub it with eraser.
